

**La Jolla Traffic and Transportation Board  
Minutes**

**October 27, 2005**

**Meeting called to order 4:00 p.m. La Jolla Rec. Center**

**Present: Chair – Mark Broido (LJSA), John Beaver (LJTC), Paul Metcalf (BRCC), Mary Coakley (LJCPA), Jim Heaton (LJSA), Joe La Cava (BRCC), Tiffany Sherer (PLJ).**

**Gary Pence – City of San Diego Traffic Engineer.**

Chair Broido informed the group on the purpose of the committee and procedures.

**Public Comment:**

- Ms Lightner suggested that the committee remind the City about the role of the committee and refer traffic matters to the committee before making decisions.
- Joe La Cava announced the two roundabouts in Bird Rock are done. There will be a demonstration Thursday 11/3 @ 10 a.m. on how to use the circles.
- Paul Metcalf requested an action item for next meeting to form a subcommittee to evaluate the concept of developing a community wide (La Jolla) traffic plan that addresses and coordinates the neighborhood and site specific issues that the Committee typically reviews. Additionally, if the results of the evaluation lead to a recommendation to develop a plan, then request participation and assistance from the City as part of the Citywide Traffic Calming Program. Chm. Broido said the committee is reactionary and this proposal presents a different philosophy and that needs to be discussed.

**Comments from the Chair:**

- The committee has been asked to revisit the Nautilus motion. Emails among committee members, with one exception, reflect no changes in member's views.
- **No Meeting in November**
- Next meeting is December 15. Vice Chair Beaver will head the meeting.

**Agenda Items:**

1. Gail Forbes presented the traffic and street closure proposal for the Christmas Parade. It was essentially the same as prior years. **Motion: Beaver/Coakley, “Approve the Christmas Parade traffic plan as presented” - 6-0-0.**
2. Gary Pence updated the Committee on past resolutions:
  - remove the red curb in front of the library at Bishop's School to free up 2-4 parking spaces.
  - Bonair and LJ Blvd. flashing light at the cross walk is funded and will be installed within 6 mos.
  - All way stop on Cam. Del Oro and Paseo Grande is installed.
  - Poles are installed and the V calm signs will be installed on Upper Capri by Med. Nov.

Page 2. **Traffic and Transportation Minutes of October 27, 2005.**

3. Martin Mosier proposed to change the parallel parking on both sides of the 2200 Block of Ave. De La Playa to perpendicular parking on the North side of the block **Motion: Coakley/ Beaver “To approve the restriping of no parking on the South Side” – 6-0-0. 2<sup>nd</sup> Motion: Caokley/Beaver “Convert to perpendicular parking on the North side and change to 90 minute time period.” – 6-0-0.**
4. Gary Pence said he would put up **no truck** signs directing trucks to go down Soledad Mtn. Road. Trucks are not allowed down Upper Via Capri.
5. Note: the neighborhood's follow-up traffic safety discussions resulted in the lodgment the white edge line petitions with the Board.
6. The Princess Street Terminus was tabled until Dec. 15.

**Motion to Adjourn**

Respectfully Submitted,

John Beaver
